## B. OF T. BANQUET TO HAVE FINE SPEAKERS

At the rate the tickets are going there will be a record breaking crowd at the tenth annual banquet of the Board of Trade next Monday night.

Judge Benjamin F. Bledsoe's reputation as an orator and patriot seems to be a powerful magnet. Scholarly ability and a personality of power make him one of

Federal Judge B. F. Bledsoe

the most pleasing speakers in all California. He is one of the real unconditional supporters of the President and tells you why.

As an added attraction, just secured, the committee is able to announce that Lieut. Colonel W. N. Hensley will talk on "The Eyes of the Artillery." As the commanding officer of the big army balloon school on Santa Anita ranch below Sierra Madre, he will have something of unusual interest to say.

The hour for the banquet will be 6:30, new time. Don't forget to turn your clocks and watches ahead one hour before retiring on Saturday night, or you may miss the feast.

The Sierra Madre Band will play while the crowd is getting together and before the speaking begins. It has been several months since the band has been heard in public and it will be a strong attraction as the places of the boys who joined the army have been filled and the band has returned to its former strength.

## NURSE WILL MAKE

### INSPECTIONS SOON

What to Do to Prevent Spread of Disease and Keep the Air Sweet

Miss Kate Brewington, the municipal nurse, will soon begin a sanitary inspection of stables, yards and chicken yards. Here are a few hints for keeping your premises in condition to make official action unnecessary:

Use deodorants after cleaning stables and chicken yards out of consideration for yourself and neighbors.

Borax sprinkled over garbage will kill fly eggs.

A pint of crude carbolic acid added to a barrel of lime will make an effective deodorant.

Don't forget to dig a hole to bury or burn garbage. Also be sure to put out tin cans and rubbish by the first Tuesday of every month, for collection.

## WISTARIA FETE

### SUBJECT OF INTEREST

Big Plans are Making for Entertainment of Crowds at Famous Vine

Interest in the Wistaria Fete to be held at the Fennel home is widespread, although the dates are still uncertain because of the impossibility of forecasting the exact blooming period of the big vine. Possibly the event will begin the latter part of next week and continue ten days.

Arrangements are in general charge of Mrs. J. T. Mason and Mrs. George F. Ferris. "The Old Curiosity Shop" with its several departments will be the only source of revenue. The idea originated with the Dickens Fellowship and will be under Red Cross Auspices. Inspection of the vine and grounds will be open and free to the public, by reason of the generosity of Mr. and Mrs. Fennel.

Thousands of people have visited this vine annually. This season they will find for their delectation departments under the following committee chairmen: fruit table, Mrs. Frank J. Hart; flowers and plants, the Misses Woodward; antiques and bric-a-brac, fancy work etc, Mrs. Ferris and Mrs. Mason; tea table, Miss Vannier, with a different hostess each day; candy table (Hoover candy), "one of the younger social organizations."

Members of the Dickens Fellowship are soliciting donations for the different departments, to be left either at the home of Mrs. N. W. Tarr or at the Red Cross rooms.

Articles which may be left over are to be turned over to the Red Cross chapter to form the nucleus for a Red Cross shop such as have proven popular in other places.

This year there will be a registration table in charge of Mrs. Gladys Fisk, to enable visitors to register names and addresses and keep an account of visitors which should be interesting as last year's visitors were estimated at 5,000.

Miss Hersa Lea is in touch with a large movie concern and expects to arrange for the presence of some well known film stars. A Los Angeles concern is also expected to provide some handsome souvenirs in the form of color photography. Bags of wistaria seed and small potted plants will also be offered for sale.

## RED CROSS NOTES

Mrs. Nourse and Mrs. Ingraham will be in charge of the regular Thursday luncheon next week.

The Franco-Belgian Relief committee of which Mrs. Ingraham is chairman, has urgent need of materials to be worked up into garments for which the demand is pressing. Persons who have odds and ends of suitable material can do a big "bit" in helping this committee.

A donation of \$2 from Mrs. Goodfellow is reported.

Still fifty to go for that 1000 members. How long?

Miss Marjorie Maughlin who has been enjoying a month's vacation at home leaves on Monday for Salt Lake City with the Arlova Russian Ballet Company.

### CONSERVATION RULES.

MONDAY—Wheatless day—Do not eat anything made from wheat or white flour.

TUESDAY—Porkless day—Do not use Ham, Bacon or other cured pork products, including lard. Fresh pork may be eaten.

WEDNESDAY—Wheatless day—Do not eat anything made from wheat or white flour.

EVERY DAY—Each evening meal a wheatless meal.

### WHY WE SENT OUR WHEAT TO EUROPE.

No question is more frequently asked than why we send wheat to Europe and stint our own people. The first answer is that we send to furnish a foundation for the mixed cereal bread that the Allies have eaten for three years and a half, and to supply them with a straight wheat bread. We are now eating Victory Bread, a bread that calls for only 20 per cent wheat substitute, while Europe, since the outbreak of the war, has eaten a war bread which contains from 25 to 50 per cent substitute. They are asking us for wheat enough to make this war bread.

Wheat flour is the only known foundation for a bakery loaf. Corn meal and buckwheat can be used in making cornbread and batter cakes, but these breads cannot be looked on as bakery products as they will not stand 24 hours' handling between the oven and the table. American women who do their own baking can make good use of cornmeal, rice and oatmeal, but wherever women work in factories or long hours in the field, whether in America or Europe, bakery bread must be within their reach.

Dr. Alonzo Taylor, representative of the United States Food Administration at the recent Allied Conference in Paris, and an expert on the food needs of the world, answers the question in this way:

"We receive many letters at Washington as to why we want to send so much wheat to Europe when we are told that corn, oatmeal, rice and barley and rye are just as good. They ask, 'Why don't we keep the wheat and send them the corn and rye and barley and rice?' I will answer that: We want to send wheat to Europe because you can make bread of wheat, and you can't make bread out of rice and oats and corn. And nobody bakes domestic bread in Europe. You can go to any town in France and you will find that there are no individual bakers there. There will be employed probably two or three men in one place, who will have one large hearth, who will be able to bake 2,000 loaves of bread together, with a minimum amount of coal."

"Please remember that the coal in France today is \$110 to \$135 per ton, and they have a good coal supply this year."

"The bread is delivered to the home; and this is one-half of the diet of that home. It was in peace time and it is now. In peace times there was considerable sugar, and dairy products were plentiful. Now these things are scarce and the bread largely takes the place of these foods."

"Just visualize an American woman saying: 'If the corn, rye, oatmeal and barley are just as good, I will accept the wheat and send the wheat substitutes to Europe.' Remember that bread is made from wheat."

"How much work is it for her to prepare rice or oatmeal or make corn bread? How much of a burden does it impose upon the overtime of the American servant? Very little. But it is a burden to a French woman, who is working sixteen hours a day and taking care of a maimed soldier, or a tubercular person, to deliberately put an hour or an hour and a half on her day at boiling rice or making cornbread. Shall we put this burden upon her? This is the concrete situation."

## MAE MARSH FEATURE SATURDAY NIGHT

"Polly of the Circus," the tremendous Goldwyn Picture success, will be shown at the Club house Saturday evening. The picture is a film version of Margaret Mayo's great play of the same name.

The story of Polly is that of a motherless girl of the circus and of the part she plays in the drama of life in a small village where she is left after being injured while doing her "act."

Polly was taken to the home of a bachelor minister to be cared for and a romance buds, only to be blighted by the local gossips. Polly goes back to the

## BOND CAMPAIGN IS GIVEN BIG IMPETUS

Monday night's meeting at the club house proved to be a whirlwind opening for the Third Liberty Loan campaign. Attendance was not so large as it should have been, but enough were present to carry the spirit of the meeting far and wide.

Col. Holabird presided, being introduced by C. W. Jones. His brief remarks were well worth the trip to the club house, had there been no other talk.

Col. Holabird reverted to the gravity of the present situation in Europe, not doubting nor in a way to inspire fear, but as a challenge to the best that is in every American. He put the possibility of final defeat out of the range of possibility, but did not minimize the task of bringing victory.

Particular attention was paid manded for pro-Germans in this country. The causing of fear and distrust by means of misleading newspaper headlines came in for hot denunciation. The legal punishment for sedition and treason were urged as necessary to make some inhabitants of the country realize that America is in earnest.

Criticism of the President and his cabinet were put in the same class. "I can remember how they criticised, then slandered, then assassinated Lincoln," said Col. Holabird, and no one could miss the gravity of the campaign of abuse that has been directed at our national leaders in this crisis.

John B. Coulston of Pasadena made a red hot speech that was one of the finest patriotic efforts ever heard here. There was no attempt at oratory—he simply had the facts and drove them home in rapid fire fashion.

Mr. Coulston made it clear that any citizen who is too busy to help sell Liberty bonds or who will not buy to the limit of his ability is not a good American. And the records of the coming campaign will show just exactly where every person is to be classified.

Criticism of the government in these serious times received a good share of attention from Mr. Coulston also. Without denying that mistakes had been and would be made, he showed a record of achievement which dwarfed all shortcomings.

## CHRISTIAN SCIENCE

Christian Science Society of Sierra Madre hold services in the Woman's Club House every Sunday at eleven A. M. Subject for March 31, "Reality." Sunday School at 9:30 a. m.

Dr. and Mrs. R. H. Mackerras, Mr. and Mrs. J. D. Mackerras, Mr. and Mrs. C. J. Pegler and Mr. and Mrs. George Oswald visited San Diego last week on the occasion of the meeting of the Masonic Past Masters' Association.

circus but comes again and the romance is resumed.

The picture is filled with realistic scenes of circus life, the most thrilling being a fire in the big tent and the stampede of the audience. It required a fully equipped circus to produce this realism, and you are permitted to see a complete circus performance on the screen, the arrival in town at daybreak, and even the street parade. A great horserace is also a thrilling incident of this remarkable film.

The guests included Mr. and Mrs. Mason, Mr. and Mrs. Lettau, Mr. and Mrs. Lawless, Mr. and Mrs. Jameson, Capt. and Mrs. Osgood, Mr. and Mrs. Sperry, Col. W. H. Holabird, Mrs. Clark, Miss Graham and Miss Munsell.

## IF YOU HURRY YOU CAN VOTE TODAY

School election today. Polls will be open at the school house until six o'clock.

If you hurry real fast after receiving this paper you may be able to get to the school house in time to cast the deciding vote in the election.

Two candidates filed nomination papers on the last day for candidates to qualify, and the early apathy seems to have been pretty well dispelled.

The candidates are Mrs. Rose Snell, 94 North Canyon Ave., and A. Hoegee, 126 East Laurel.

Mrs. Snell is a woman of unusual educational attainments, and graduated from a special teachers' training course at Columbia University. Mr. Hoegee has been a resident of Sierra Madre many years, is the proprietor of a tent and awning establishment on South Los Angeles Street, and is also proprietor of Hoegee's Camp in the Winter Creek branch of the Big Santa Anita.

Each candidate has one child in the public school.

## SPANISH BARBECUE RED CROSS BENEFIT

Vogel Home to be Scene of Unusual Event Tomorrow Afternoon

An epicurean feast in the nature of a Spanish barbecue will take place tomorrow, Saturday, at the home grounds of Mr. and Mrs. H. O. Vogel on the Mesa north of East Grand View Ave.

The event will be open to the public and is given for the benefit of the Red Cross. All the proceeds will go to the treasury of the Sierra Madre chapter.

The spacious and beautiful grounds and magnificent scenery to be enjoyed from this vantage point are well worth the trip.

Jose Romero, most famous Spanish chef in Southern California, will have charge of the preparation and serving of the barbecue, a novelty which is not often available. Serving of the dinner will take place from noon until 2 o'clock, but late arrivals will be properly looked after during the afternoon. The charge for the dinner will be 50 cents.

For the evening another dinner will be served at 7 o'clock, to be followed by dancing, the charge being a dollar per person.

Owing to the limited space available for dancing, early reservations should be made by telephoning Miss Dorothy Camp, phone Red 32.

Free auto service will be provided for those who have no other conveyance. Autos will run from the Sierra Madre garage and P. E. Station.

## TAKE NOTICE

I am told that certain persons are saying that some one has told them that I am pro-German. Anyone who repeats that slander had best be ready to prove or tell where he heard it.

I am an American citizen and an American citizen who is pro-German has no right to be in this country. I shall make it hot for anyone who repeats that slander. I suppose it starts from some cur who is not pleased with what I am doing in regard to the coming city election. My only interest in that is the interest of a citizen and tax payer desirous of good government. Some people seem to think that the old jackass dispute is troubling me. But the burro question is settled as far as I am concerned. H. O. VOGEL.

## Authorized Statement

## VOTERS OF SIERRA MADRE

The committee instrumental in submitting to you the candidates named and nominated on the Citizen's Ticket wish to state the sole motives and aims of said committee in this campaign.

The expiration of the term of four city trustees offered at this time an unusual opportunity to make a "clean sweep" of all petty disturbances which have from time to time been decided to the discredit of our city, and at the time to time been greatly to the try what five honest, broad-gauge, experienced business men can do for us when working in harmony, unhampered by pledges or antecedents.

Our city treasury under the regime of several years past has, judging from lack of results, been unequal to keeping our water system in the good shape that an investment such as we have in Sierra Madre's water system demands. And there is honest difference of opinion as to the wisdom of some of the expenditures in this department although there is no question as to hoped-for results of such expenditures.

Our streets afford another example of the presumable lack of funds, or the proper expenditure in that department.

Can anyone question the folly of the auditing expense we have had to pay in the past several years? Not if the facts were known!

Why was the Baskerville Audit Company, charging the City of Sierra Madre \$15 per day, replaced by another auditor at \$25 per day? Baskerville's record for efficiency will bear favorable comparison with any concern doing public accounting in Southern California.

The Citizens Ticket candidates are men who have no desire to assume the detail of city government for any reason but to render real service to you, and their experience and ability justifies your vote. They are not pledged on any question to anyone, East, South, North or West, and will represent no faction or clique. A square deal for all should be sufficient. Is this not fair, reasonable, loyal to Sierra Madre and All American? Think it over and vote for:

## Authorized Statement

NOT DROPPED OUT  
NOR WORKING FOR  
ANY OTHER CANDIDATE

Owing to an error of a notary in the making of my nomination papers, tho I am a legal candidate, my name will have to be written on the ballot.

There are no high moguls nor anyone else backing me as a candidate.

Do not lock up the statements when the truth is stolen—find the truth.

Burro question—I believe in justice and common sense.

Appointments—no pledges on my part.

Why is it that those running are so anxious for it when, as I have been told, it is a thankless job and enmity and no salary? Sierra Madre has been getting attention from its trustees at the rate of from a half hour to three, from two to four times a month. That is why expenditures are not thoroughly gone over and considered as they should be.

There are, as you know, two tickets in the field. Both are backed by certain people who have been in the office of city trustee or in city politics, when they themselves had the opportunity to do for the city what they now want those they are putting up to do.

Have any of the candidates stated what their platform is or what their intentions are if elected to said office?

After careful consideration of the duties of the office of city trustee, having studied the needs of Sierra Madre for over four years, and after seeing how city matters were carried on here, I can see where there is room for improvements, also for economy. I entered this contest as a gentleman and expected to receive fair play, but so far have not received it.

Now we want a better Sierra Madre. How can we get it?

First, by having trustees who will work for the people's interest, not personal interest or for special favors to others. Next is one of the most important things—to give their time just as they would give to their own personal business, to see how it is taken care of.

A trustee with will power and determination can, with publicity, do this very thing, and it is about time we have someone there that will do so.

I entered this to occupy my time and mind to the best interest of the city. My platform will be as follows, if elected to the office of city trustee:

An efficient business administration, and the utmost economy in public affairs;

Consideration of all, partiality to none, advice desired of all but in decisions I allow none but my own judgement to govern me.

I will endeavor at all times to give the same attention to city affairs as a good business man would give to his business, and get for every cent of tax money spent a cent's worth of service or material in return.

I will be able to give my time to such effect. I have seen from experience that a good business or professional man who has a business of his own to attend to cannot spare the amount of time required to give the city its proper care unless they neglect their own affairs.

Tho I am handicapped by the loss of sight in the service in line of duty in the Spanish-American war, I can attend to all the business requirements of the office. I am not out for sympathy but for votes and if you want to help Sierra Madre, help me.

WRITE MY NAME ON THE  
BALLOT FOR THE LONG  
TERM.

# THE THIRD LIBERTY LOAN

## ADVANCE STATEMENT FOR THE LIBERTY LOAN COMMITTEE

The Sierra Madre Liberty Loan Committee has been formed to undertake the handling of the campaign for subscriptions in Sierra Madre. One Hundred or more leading citizens will be drafted for the work.

Saturday, April 6th, our Country will enter upon its second year of the war. On that date the people will begin subscribing to the Third Liberty Loan. The campaign will be continued till May 1st, and possibly May 6th.

The Committee feel it to be a patriotic duty and privilege to heed this appeal of the Government by throwing their combined strength back of the Third Liberty Loan. The failure of our people to respond, individually and collectively, in the

fullest measure of which they are capable, in the present crisis, would not only be a dereliction of manifest duty, but would endanger the very existence of our liberties and civilization.

The Campaign will be conducted along lines similar to those used in previous campaigns, but will be much more thorough. Sierra Madre will be divided into ten districts, each in charge of a captain and team, to solicit subscriptions. Everyone will have an opportunity to subscribe. No one will be overlooked.

The minimum amount of the Third Liberty Loan will be Three Billion Dollars, and Sierra Madre's quota is not yet definitely known. The public will be kept fully and promptly advised as soon as the information is available.

## PREPARE!

This preliminary statement is published at this time in order that every man, woman and child may have as much time as possible in which to prepare. If you will turn in your subscriptions without waiting for the solicitors to call you will be performing a genuinely patriotic duty in lessening the amount of work to be done by the committee, which will be necessarily very large. Meet them at least half way!

The time has come for complete loyalty and unselfishness—an absolute abandonment of private preferences for the common good. We are not now asked to give money—but WE MUST LEND IT to Uncle Sam. We can no more pause now to question our government's call for money than the soldier in the trenches can pause to question his captain's call for a charge.

**"ALL IN IT!"**

The denominations of the bonds will be the same as for the Second Liberty Loan. Fifty-dollar Bonds will be sold and it is the desire of President Wilson and Secretary McAdoo that every man, woman and child in the United States will do his utmost to at least purchase a Fifty dollar Bond. If fifty per cent of the people of the United States each bought a Hundred Dollar Bond the entire loan would be oversubscribed!

Plan now just how many bonds you are going to put behind the boys in the trenches.

Every bond of the Liberty Loan is backed by nearly \$300,000,000,000 of national resources. The United States has never defaulted on any of its bonds and never will in spite of all the efforts of the Kaiser and his hordes. No holder of a United States Bond ever lost a cent of principal or interest. One hundred cents on the dollar the United States has always paid and today the Third Liberty Loan Bonds are the safest investment in the world.

Our boys Over There are doing their part in answer to the super-effort of the Huns to crush the forces of Liberty. Let us echo their answer Over Here by going Over the Top with a huge oversubscription to the Third Liberty Loan.

### READY TO ASSIST YOU

For those who cannot conveniently pay cash, it will be possible to purchase bonds on installments. The First National Bank will gladly and without cost to you arrange all details pertaining to the purchase of these Liberty Bonds.

## TO THE VOTERS OF SIERRA MADRE

Sierra Madre has invested in its water works about one hundred and fifty thousand dollars. To meet the interest and installments of principal of the water bonds, keep the system in repair, provide a sufficient emergency and working fund, arrange for the needed development of the system, are by far the most important subjects to come before the Board of Trustees.

Your water supply is a matter of dollars and cents to every owner of a home in the city and touches the convenience and comfort of every inhabitant.

To deal with this as well as with the other matters such as streets the city needs the best talent obtainable. The selection of a Board of Trustees is an affair of public importance into which personalities should enter as little as possible.

Many cities try to provide against a complete or nearly complete change in membership of their councils or Boards of Trustees, and this is done that new members may have the benefit of experience gained by those that hold over.

Two members of the present Board are willing to serve again—Messrs. Morton and Evans. It happens that each of them has made a special study of the water question and has acquired a fund of information of which it would seem the city ought to avail itself. Mr. Evans knows our labyrinth of water pipes as probably no other member of any of our Boards of Trustees has known it; he also has practical knowledge of pumps, engines and motors. Mr. Morton followed for years the profession of civil engineer, was chief engineer of an interurban road in New England, did important work as construction engineer in Honolulu and was engaged for similar work by the United States government. Of recent years he has been in charge of important mercantile affairs.

For the other two places on the Board, now held by Messrs. Dietz and Sperry who are not candidates, new men must be chosen. And it would seem that in Col. Holabird the city has an exceptional chance for securing an excellent servant. He has for many years handled large affairs, is a man of ripe experience and highest standing. It would seem also that Mr. Mitchell, by reason of his experience as a lawyer and business man, ought to prove a valuable member.

Therefore, David F. Morton, Willard A. Evans, W. H. Holabird and Robert Mitchell are most respectfully recommended by the undersigned to the voters for election as city trustees.

## CITY CLERK AND CITY TREASURER

Mr. Louis Dietz has announced his candidacy for the office of City Clerk. He has served the city as a member of the Board of Trustees for the past four years, which has familiarized him with every detail devolving upon the duties of the City Clerk.

By reason of his ability as an expert accountant he will be in a position to assist the Board of Trustees with proper knowledge as to accounts and finances. Being a large property holder for the past 17 years and a resident for the past 11 years, he has materially assisted in all public matters for the upbuilding and progress of Sierra Madre.

Mrs. Hulda O. Ingraham has placed her name before the people of Sierra Madre as a candidate for City Treasurer. Mrs. Ingraham is too well known to need further introduction here. She has been president of the Sierra Madre Womans Club, and prominently identified with every civic movement in the City, assuming her full share of the responsibility devolving upon the women of this day.

## No Substitutes for Milk.

The U. S. Food Administration emphasizes that it has never advised the public to decrease whole milk consumption or attempt to substitute other foods for milk. This statement is issued to make clear that the effort to stop the waste of milk is in no way aimed at reduced consumption.

If you run your household on three pounds of sugar a month per person, when fall comes the grocer won't have to hang up the sign, "No Sugar."

"The Allies are all in the same boat, a long way from shore and on limited rations"—and Uncle Sam is running the relief ship.

Only a slacker could stand idly on the sidewalk and criticize as the army of workers marches by.

Uncle Sam is in a race against Germany for ships and food—are you with him?

Conservation, concentration, and consecration—for the sake of those at the front.

It doesn't matter who started this war, Uncle Sam will finish it.

We must meet sacrifice at the front with sacrifice at home.

Food will win the war—produce it.
